

Quiz/Test Corrections for Math

1. Write down the complete problem missed including any graphs, charts, or other data needed to answer the problem.
2. Solve the problem.
 - Must show ALL work.
 - Box-in correct answer.
3. Must explain in complete sentences (more than one) what you did wrong.
 - Remember to check the 5 fundamentals of writing.
4. Must get a parent signature next to the score you received at the top of your paper. See below for how to set-up your paper.
 - Top of paper – Score: _____
 - X _____ (parent signature)
 - Complete title of the quiz/test corrected.
5. Staple to the front of quiz. For test, we will staple to the original test when it is returned completed with the parent signature.
